ABOUT US

At GoFilms Productions, storytelling is our passion, and amplifying unheard voices is our purpose. Founded with a mission to inspire, unite, and create a better future, we believe in the transformative power of film to bridge divides, foster understanding, and celebrate the richness of our shared humanity. Our films resonate with audiences from all walks of life, shining a spotlight on narratives that showcase the strength and beauty of diversity while advocating for meaningful social change. Through the art of storytelling, we strive to make a lasting impact and inspire a world of greater empathy and connection.

OUR VISION

GoFilms Productions was founded with a mission to create opportunities for aspiring actors and actresses who have never had the chance to step into the world of film. We believe in the power of fresh talent and new perspectives, giving voice to those who have yet to be heard on the big screen. Through powerful, authentic stories, we shine a light on the stories the world often avoids— stories of resilience, injustice, and redemption. From the vital contributions of immigrants to the harrowing realities of human and child trafficking, we aim to restore hope and inspire action. Our mission is to use film as a medium to educate, inspire, and unite, empowering communities to stand against injustice and embrace compassion.

WORLD PREMIERE

OUR MOST RECENT PROJECT

A Day **WITHOUT US**

& BEHIND-THE-SCENES DOCUMENTARY

COMING SOON

MARCH 27, 2025

Our journey began with the successful launch of our debut short film, "A Day Without Us." This film set the foundation for what GoFilms Productions stands for—authentic stories, diverse voices, and groundbreaking creativity. By imagining a single day without the contributions of immigrants, it encouraged viewers to appreciate and honor the strength of diversity in building our communities. Accompanying this film, the "Behind-The-Scenes Documentary" captured the heart and dedication of the team behind the project. Both are set to premiere at the prestigious Disney Springs AMC Dine-In Theatre, underscoring our commitment to delivering high-quality cinematic experiences.

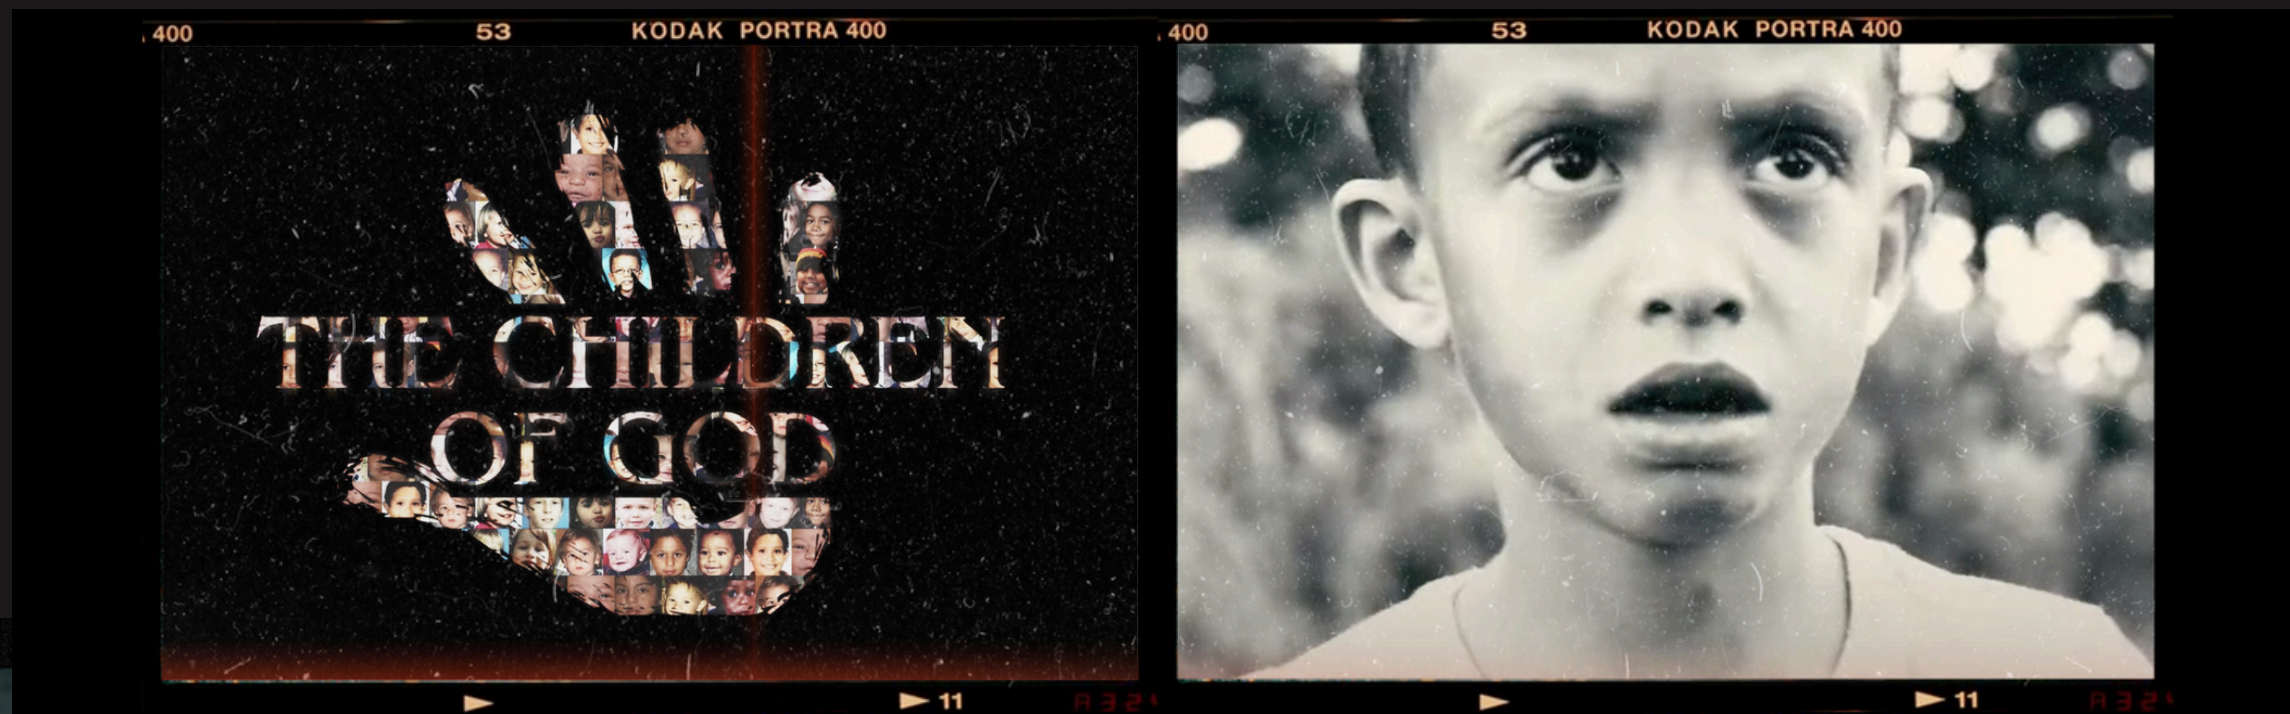

This heart-pounding cinematic experience unveils not just the struggles of a single day, but the critical roles these unsung heroes play every moment. In a society built on multiculturalism, their absence reveals a chilling truth: we are all bound by the threads of unity, and without them, everything falls apart.

OUR CURRENT PROJECT

Our upcoming feature-length film, "*The Children of God*," confronts one of the most devastating issues of our time: human and child trafficking. Inspired by "*The Sound of Freedom*," this project exposes the shadows where criminals hide and gives a voice to the voiceless, restoring hope to those who have been silenced for too long. It tells stories of resilience and courage, reminding the world that no injustice is too great to overcome when we stand together.

Every day, thousands of parents lose their voice in these stories—overwhelmed by pain, injustice, and helplessness. But through this mission, GoFilms Productions becomes their voice. We aim to restore their hope, to tell the stories they cannot, and to give them back the pride and dignity stolen from them.

In a town where authority is unquestioned, a corrupt network of trusted officials and public figures secretly traffics children under the guise of protection. As a few brave individuals uncover the truth, they risk everything to expose the conspiracy and rescue the innocent. The Children of God is a gripping thriller about justice, courage, and the fight against hidden evil.

OUR STUDIO AND LEADERSHIP

GoFilms Productions is an independent studio under Golive TV, an internationally broadcast multicultural television station. Led by Juliano D’Lucca, we are dedicated to bringing fresh energy to the film industry and creating unforgettable cinematic experiences. Now, we’re expanding our horizons and taking our projects to the next level, producing feature films across many dynamic locations and countries.

SUPPORT OUR MISSION

WHY YOUR SUPPORT MATTERS

At GoFilms Productions, we are dedicated to telling stories that reveal the truth, inspire action, and unite us all. Now, more than ever, the world needs narratives that promote understanding, amplify important voices, and shed light on crucial social issues. As an independent production company, we rely on the generosity of individuals like you to bring these transformative stories to life. Your support directly contributes to the creation of films that inspire hope, drive social change, and reach audiences worldwide, fostering a greater understanding of our shared humanity.

THE IMPACT OF YOUR DONATION

Your donations directly support foundations aiding victims of human and child trafficking— one of the core causes highlighted in our current project— while also helping us cover essential expenses, including:

PRODUCTION COSTS

This covers essential expenses like film equipment, wardrobe, props, location rentals, and crew wages. It ensures we have the tools and team needed to capture high-quality footage and create the best possible film experience.

POST-PRODUCTION

This phase includes editing, sound design, and visual effects. It's where the raw footage is transformed into a cohesive story, with the audio and visual elements enhanced to create a powerful impact.

MARKETING & DISTRIBUTION

These costs go toward promoting the film, reaching a global audience, and submitting to film festivals. Your support helps get the film into the right hands, from distributors to festival organizers, ensuring it reaches its full potential.

SUPPORTING EMERGING TALENT

Your donation helps provide professional opportunities for emerging filmmakers, actors, and crew members. This allows us to offer valuable experience in a professional environment, helping the next generation of talent grow.

BE A RECOGNIZED CONTRIBUTOR

Every individual who donates to our cause will be credited as a **Recognized Contributor** in the current film's end credits—a lasting tribute to your invaluable support. Additionally, we'll spotlight your generosity on our social media platforms, sharing your impact with our growing community. This is our heartfelt way of celebrating your role in bringing meaningful stories to life and creating a legacy of change.

JOIN US

Your decision to support us is not just an act of generosity; it's a declaration of hope, compassion, and courage. Your contribution—no matter the amount—will help us shine a light where there is darkness, give hope where it has been lost, and spark a movement for change. With your help, we can bring these transformative stories to life and continue our mission of inspiring action and uniting people.
